

## **The Brooks and Suzanne Ragen FHL Endowed Scholarship**

This endowment provides financial assistance to graduate and undergraduate students at Friday Harbor Labs to conduct research or to be enrolled for a class or workshop in marine sciences.

Brooks Ragen has been in the investment business for 55 years. He has started and managed three investment firms serving the Oregon and Washington area. Susie Ragen is very active as a docent in Seattle Art Museum history.

Both Brooks and Susie have a strong interest in environmental issues. They have a summer home on San Juan Island and a farm on Waldron Island. They always look forward to meeting the students and researchers who are the recipients of the Brooks and Suzanne Ragen FHL Endowed Scholarship.
